

The Devlin Slide Switch Range

DS-02210 / SLC2200-7R / SP-112 DP3T / SLF2301-7R / SN2030-1010

Description -

Devlin supply a wide range of robust and reliable miniature slide switches. They are designed to be ideally suited to signal switching applications in a wide range of electronic equipment. A great deal of flexibility is offered within the range, with plastic or metal actuators available. The switches come in vertical or right angle versions and can be mounted in panel or PCB positions.

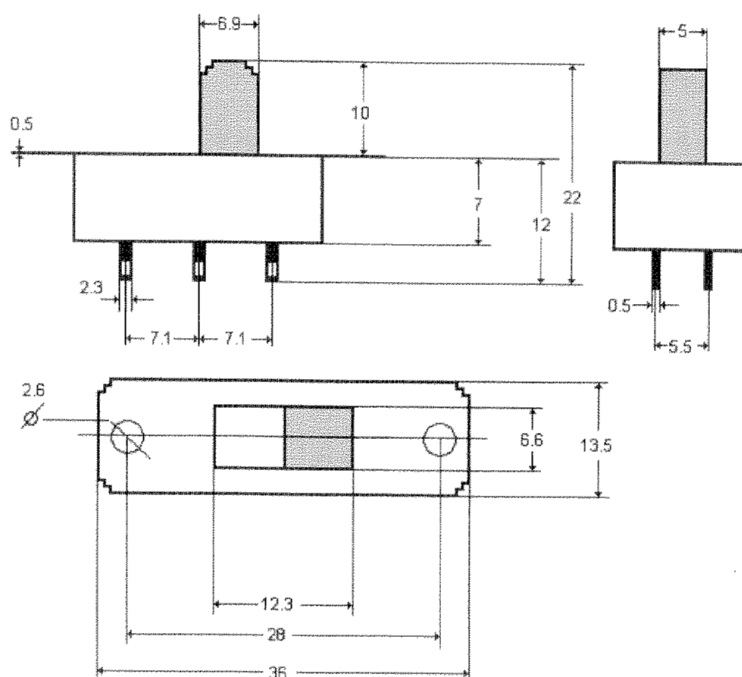

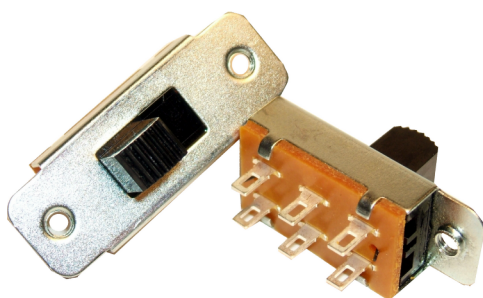

TECHNICAL SPECIFICATION

Switch type	DS02210	SLC2200-7R	SP112	SLF2301-7R	SN2030-1010
RS stock no	665332	337497	334101	337481	334117
Actuator Position	Top	Top	Top	Top	Side
Circuit Configuration	DPDT	DPDT	DP3T	DP3T	DP3T
Terminal pitch (mm)	7.1	4	3	3	2
Contact material	Silver	Silver	Silver	Silver	Silver
Contact Rating	125VAC / 0.5A	30VDC / 0.3A	30VDC / 0.3A	30VDC / 0.3A	30VDC / 0.3A
Contact Resistance	20mΩ	20mΩ	20mΩ	20mΩ	30mΩ
Design Life (operations)	10K	10K	10K	10K	10K
Mounting type	Panel / PCB	Panel	Panel / PCB	Panel	PCB
Terminal type	Solder tag	Solder tag	PCB pin	Solder tag	PCB pin
Operating force (+/- 100g)	250	300	250	300	300
Insulation Resistance	>100MΩ	>100MΩ	>200MΩ	>100MΩ	>100MΩ
Dialectric Strength	500VAC	500VAC	500VAC	500VAC	250VAC
